DOVE & PIGEON

The dove population here is increasing year-over-year and trends continue to the north. Bag limits are generous. Here the wild pigeons are in direct competition of feeding fields with the doves. Many come here during non-duck hunting months to access non-migratory spotted and picazuro pigeons.

PERDIZ

World-class perdiz hunting with birds in every direction.

GUNS

As part of our commitment at DCA, we can help you to bring your own guns. We also have guns available for lease.

ABOUT YOUR GUIDE

What makes this lodge and hunt most memorable is your well-known and established outfitter, Dickie Miles. A passionate wing-shooter, Argentinian, and high-energy individual, Dickie will keep spirits high and the fun flowing.

BRING YOUR FAMILY

Hunting with Dickie is a great opportunity to bring your children and grandchildren. He is a great mentor, and will share his passion and extensive knowledge of the birds, the land and Argentina to preserve these fine hunting traditions.

Hunting is my passion.

There is no substitute for experience. I have been blessed to hunt throughout the expanse of Argentina and the world for the last 35 years."
